SPEECH OF PRESIDENT RODRIGO ROA DUTERTE DURING THE GROUNDBREAKING OF GEN. GREGORIO DEL PILAR NATIONAL HIGH SCHOOL AND UNVEILING OF THE PROPOSED PANDI NATIONAL HIGH SCHOOL

[Delivered in Barangay Sta. Ana, Bulakan, Bulacan | 10 January 2018]

Kindly sit down. Thank you for your courtesy.

Well, just an off-the-cuff statement that what really hurried the project here in Bulacan was Honeylet. My wife who is from Valenzuela, Bulacan. For a time when she was taking up nursing during some seminars, nakatira ho dito 'yan sa Valenzuela kagaya ninyo.*[applause]*

Maghanap kayo nang maraming congressman na ano ipakasal ninyo sa Bulakenya para mapuno itong...

You know you have to pardon me but I'm not quite adept in the Tagalog dialect. The problem in Davao is that it's a melting pot and every major tribe of our country is there.

And we grew up talking in Ilonggo, Bisaya, Tagalog and sprinkling of the influence of the migrants 'yung mga Ilokano. Kaya naglaki kami na nakakaintindi.

But over the years, nalimutan ko na but I could manage a sentence of two when we were young. That's how our country grew up to this magnitude and dimension.

I'd like to acknowledge Education Secretary Leonor Briones; Science and Technology Secretary Fortunato dela Peña, dito siya nagtapos, sabi niya mahusay daw itong eskwelahan na ito.

First District Representative Jose Antonio Sy-Alvarado; Bulacan Governor Wilhelmino Sy-Alvarado; Bulakan, Bulacan Mayor Patrick Meneses; Pandi, Bulacan Mayor Celestino Marquez.

My wife, who is a nurse. Noong bago pa kami ala eh, ala eh, eh ay, ah eh, ala eh, ala eh... *[laughter]* Bakit 'yang salita ninyo parang kinakanta may tono 'yung ala eh, ala eh. *[laughter]*

Mga guro, empleyado at estudyante ng General Gregorio del Pilar National High School; the other elected officials of this province and municipality and city; mga kasama ko sa gobyerno; mga kababayan ko.

I'd like to let the ball rolling. I do not give speeches. I just discuss matters with... Ang problema baka maubusan ako ng Tagalog. Tapos ang tinatanong ko 'yun namang mga Bisaya dito na sundalo. Ano nga bang Tagalog nito? Maski magsalita kami ng misis ko.

So just to give justice to those guys who gumawa nito. Isa diyan sa mga babaeng maganda. Anyway, I will read it because if you allow me to talk extemporaneous, I tend to over talk and get into someone's other time.

I am glad to join you today as we break ground on two secondary school facilities that will soon rise here in the Province of Bulacan.

Once completed, these buildings will serve as a testament to our commitment to invest in the potential of our youth. These structures will promote their well-being, nurture their dreams, and become a breeding ground for future leaders of our country.

Education is indeed the most valuable gift that we can leave behind to the succeeding generations. This is why I have been firm in my stand that no Filipino youth should ever be denied access to high quality education, whatever circumstances they may be in.

As previously mentioned by Secretary Briones, my mama was a retired school supervisor sa siyudad ng Davao. Alam ko ang heartaches pati ang pain ng isang

nanay. Noong panahon we migrated to Davao in 1948 and you can just imagine we had to hack our way into the city.

And my father was also a lawyer, taught also in one of the law schools in the city noon. Kaya alam ko 'yang 5-6. Iyan ang gusto kong patayin na sistema. Kung hindi ko mapatay ang sistema, 'yung nagdadala ng 5-6 na lang ang ating patayin. *[applause and cheers]* Mas madali man siguro.

You know, there in Davao, maldito itong... Well, I'm not trying to derogate the nation or the tribe. But itong mga 5-6 kasi sa Davao magpautang. Pagkatapos 'pag mag-utang ka ng pera, pautangin ka pa ng kama, TV set. So dagdagan nila so you are in perpetual bondage.

Talagang mas lalo --- you are... Parang ang tao is slave working for you or for your money. Ganun ang nangyayari dito sa 'yung patung-patung na 'yan.

Ngayon, kung nangyari 'yan dito sabihin ninyo ako kasi alam mo I just want to be fair to everybody. Nandiyan na 'yang negosyo at maraming mahirap. Hirap naman talaga sa pera. Ako hindi na ngayon. But we had a run for it for sometime in our lives a long time ago.

Huwag ninyo masyadong --- you know, it's a kind of oppression. Pautang ka, tapos mag-deliver ka ng refrigerator. So he will die in penury at mahirap nga 'yung pang-libing.

Sabi ko sa kanila doon, you better stop it. Kung magpahingi ka 'yung mucho derecho 'yung the adopted method of lending the money and getting back the payment. Pero kung dagdagan ninyo ng ganun, p***** i** papatayin ko kayo. *[laughter]* And ang buang marami ring namatay pero puro disgrasya. Nagmomotor eh. Eh di bungguin mo lang 'yung puwet diretso-diretso na 'yan sa impyerno.

Sabi ko do not force me to do things I do not want to do. But remember there are things in this planet and this place, in this country that nobody can do it except me. Alam na ninyo 'yan nagkaintindihan na tayo.

Basta ako I will just make a sweeping statement lalo na 'yung drugs, corruption. I am not proclaiming to be the cleanest official thereabout. May mga kalokohan ako.

As a matter of fact, si --- 'yung partner ko si Honeylet is my second wife. Kasi 'yung hiniwalayan ako ng isa dahil man rin sa kanya.

Meron akong mga tawag namin sa Bisaya "apan", apan in Tagalog is but --- English pala 'yon. The but of the matter is ganun ka na... Pero 'yang nakaw sa ganun.

Ilang Cabinet members na. All of them were my friends. All of them worked for my election as president. All of them spent sleepless nights. Kaya pagdating doon sa Cabinet, sabi ko, "I welcome all of you but ito lang ang hingiin ko, huwag lang sa corruption."

Hindi ko talaga masikmura 'yan. You do it and it's goodbye. And it has come to pass, talagang ganun ang nangyari. And there will be more if they do not behave in the Executive department.

And besides, just to make a hard and fast rule for everybody and for your information, I'm the only President who does not get the papers 'yung mga transaction sa gobyerno. Be it 'yung construction dito, nandiyan si Secretary Briones, si Boy dela Peña.

Iyong project sa gobyerno, kung sino 'yung opisina na dapat mag-handle kanya 'yan. It begins and ends with her or with him. Walang mga transaction, highway, reclamation, airport. They do not reach my table at all kasi talagang ayaw ko madudahan even because I imposed a condition that we must be like Caesar's wife beyond whisper.

Kaya ayaw kong mga negosyante makipagkita. If it's about economics, you go to --- if it's about an invention or something or science can help us, you go to Boy. If it's about education or whatever, mga proposal ninyo, laptops and all, you go to Secretary Briones. Do not talk business with me because I am not the right person to talk to. Iyan ang maasahan ninyo. Wala talaga.

Maghanap man kayo sa mga papel ninyo diyan sa projects, you'd never see any marginal note or any. Ayaw ko. Hanggang diyan lang 'yan, sa inyo 'yan. 'Pag maganda ang project, I can always say congratulations and tama talaga ako for putting you there. Eh 'pag magkamali ka, wala ng ano --- wala ng istorya. Sabihin ko lang, sabihin mo kay Bong, sabihin mo umalis na.

Iyong iba talagang --- for the first time itong mga sundalo na guwardiya sa Malacañan, for the first time nakita nila dito sa panahon ko. Talagang nagbubugbog ako ng tao. Talagang...

Ikaw pagka hangol ka sa pera, bantay ka kasi ipakain ko talaga 'yang pera sa iyo. You will eat it. And 'yung tanim-bala sabi ko p*****, kakainin mo 'yan, lunukin mo.

Kaya man 'yung isa, I'm sure nabasa ninyo 'yon. They go around selling the idea of a revolutionary government at ako raw 'yung --- I will head it. My God, you can disabuse that... Hindi ako ganun na pagkatao. I'm a lawyer and I should know where I belong. I will stay to the last day of my term. Then I will step down.

Masiguro ninyo 'yan. Wala akong ambisyon mag.... I've been mayor of Davao City for 23 years. I've been a congressman. I've been the vice mayor. Then I've been mayor and mayor again. Halos 40 years lahat-lahat. Hindi ko na kailangan.

I do not --- I am not impressed with accolades and mga clapping, applause. Hindi kayo I mean that's natural. Pero 'yang to --- you go into a self-gratification.

Kaya 'yang Boracay, they were about to open it and I saw the --- doon sa TV through footages na "welcome Mr. President tapos thank you."

Sabi ko sa mga pulis pati sundalo, tanggalin ninyo 'yan at hindi ako pumunta sa opening. You do not have to thank me. Why? I'm paid. And I don't accept awards. Wala naman talagang ibinigay ang eskwelahan sa akin from Kindergarten to College of Law.

Walang nagbigay maski tansan na lang sana. Eh sa 75-75 lang naman tayo. Teacher man 'yung nanay ko. Sabi niya, "Rodrigo, paano ba 'to? Nakakahiya naman. Wala ba talaga itong pag-asa?"

Nakikinig lang ang tatay ko. Sabi ko, "Ma, maglaro pa man ako. Bakit hindi ako makalaro paggaling sa eskwela? Bakit mo ako paaralin kaagad?"

"No, hindi kasi ganun..." Sabi ko, "75 noon pa man 'yan. It has worked well for me. Every year, first grade, second grade, dahan-dahan lang, 75, 75, 75." *[laughter]*

Pero hindi ko masabi sa mga anak ko. Pero talaga. Hindi ako nagpapatawa. That was really my retort every time I am, you know, bamboozled by my parents.

Sabi ko, maski 'yung sa College of Law na. May maraming walang hiya rin 'yan mga classmate ko. Iyong iba justices ang mga g***. Magtinginan lang kami doon sa library.

"O ano?" "Sige." Doon na sa Legarda. Nandiyan pa nga 'yung p***** i** niya.

Nandiyan 'yang mga estudyante 'yan, "chilled beer". 'Pag ano mo talaga, masarap eh. Doon. Kaya nag-graduate kami, tamang-tama lang. Eh si Sonny Dominguez, kababata ko 'yan. Classmate ko. Kindergarten, high school, valedictorian. Bright talaga 'yan.

Tugade, he was our valedictorian sa law school. Klase namin. Mahusay 'yan si Tugade at mayaman 'yan. Iyong may marinig kayo na ano Tugade is a billionaire. Noon pa estudyante na kami, may pera na 'yan. Not in millions but he was well off, the way he was changing cars every year 'pag enrollment time. Meron na 'yan.

Lahat 'yan sila puro bright. Esperon, National High School. Ah lalo na si Secretary Briones. 'Pag nagsalita ito, kinig kaming lahat talaga.

The wisdom of a human being who has been around for so many years. Ayan ang...

Ako 75 lang. Pero kita mo naman ang mga Cabinet member ko. Secretary Briones, National Treasurer ito natin. Siya 'yung alam kong ilan talaga at magkano. Boy, lahat 'yan sila, Lorenzana valedictorian 'yan sa PMA.

Duterte, 75, 76, 77. Pero may isang tanong ako sa inyo. Sagutin ninyo ako 'yung tama lang. Bright man 'yan sila lahat pero sino ang tigas ang valedictorian o ang 75? *[laughter and applause]*

Kasi kung may Bisaya dito, ganito magsalita. It's an idiom. It's a Visayan idiom actually. 'Pag sinabi ng ama mo o ina mo, "Dong, hanggang pantalan ka lang." It's an idiom, Visayan word para sabihin na wala ka talagang pag-asa sa buhay.

Sabi ko sa tatay ko, "Okay man pa basta bayaran lang ako sa kinakarga ko." "Ganun? Ganun ang gusto mo?" Wala akong magawa eh. Hala sige.

So he died. He never thought that I would make it even to the mayorship. May ano siya kasi father and son but I was not close to him. I was close to my mother.

Pero may distansya kami siguro behavior or attitude. I don't know which is which. Kaya --- but he was there when nag-ano ng College of Law ako, second semester. So 'yan ang istorya ng buhay ko.

Hindi naman kailangan talaga na summa cum laude. Wala ako niyan. Cum laude, wala; first honor, na; last honor, wala.

Ang tinatanggap ko lang na award sa eskwelahan ko kasi pinagpaguran ko. Alam mo 'yung --- pero 'yung pulis --- eh mga pari sa eskwelahan ko, okay 'yan. Iyong iba obispo dito mga ugok. Lahat 'yan sila.

May I remind you? Belief in God, kaya ako medyo --- hindi naman matapang. But 'pag trabaho ko, trabaho ko talaga. Do not f*** with me. 'Pag sinabi kong, huwag, huwag. 'Pag sinabi kong p***** i** mo, papatayin kita, talagang hihiritan kita.

If I say to you now, which was the same words or which were the same advice or warning if you may, nung nag-mayor ako sinabi ko, do not destroy my city, do not destroy my children, do not feed them with drugs. If you do that, I will kill you.

Nung Presidente ako, sinabi ko 'yan and it did not sit well with the mga human rights. I'm sorry. You have been threatening to file a case against me, go ahead. Basta sinabi ko, huwag ninyong sirain ang Pilipinas kasi kaisa-isang bayan ko 'to.

Ganun lang siguro kami sa Mindanao. It is almost a land with an eternal conflict. Pero mahal ko pa rin ang bayan ko.

So 'pag sinabi kong huwag, huwag. 'Pag sinabi kong, papatayin kita, papatayin kita. Sabay record niyan, isumbong nila doon sa...

Bakit sino bang Pilipino hindi puma --- hindi papatay ng tao 'pag niwasak mo 'yung...? Drugs, it will cause a breakage of --- o pagka hindi, it is a thing that is

dysfunctional sa lahat. You want to destroy a family? Maglagay ka lang ng isa o dalawang... Iyang ganyan, sira na 'yan pamilya na 'yan. Wala na.

Alam ko, kayo na you must have observed. Itong Bulacan malakas 'to. I tell you, I'm warning you, naglalaro ka sa buhay dito. Hindi ako ---wala akong pakialam diyan sa pari. Wala mang ako pakialam diyan sa human rights. Sundin mo lang kung ano ang tama. It's prohibited. It's unlawful and do not do it to my countrymen.

Wala ako --- 'yung away ko sa pari. Problema naman sa pari ganito, kung makausap lang ninyo. When you criticize me, maybe you'd find a seat outside of the church and interview doon. But do not use the pulpit at 'yung homily mo to attack me 'cause there is a separation of Church and State.

Do not use the religion because if you use the religion. Demonic ako --- demonyo ako and to the extent magsabi, "sana mamatay na si Duterte" in a mass. You are treading into dangerous grounds.

Kaya ang banat ko, hindi na doon sa tao, ang Church na. Eh kami noon sa Ateneo, we were really being grouped dito sa --- lahat kami.

Falvey was assigned in Mindanao, Ateneo de Davao about four years. Iyong generation na 'yun, nakatikim lahat 'yun ng...

Tanungin ka... "Bless me Father for I have sinned." "Oh come on, what's your sin or sins?" Ano man 'to...? Thirteen years old. "Come on. Come on. We do not have the whole day to wait for your sins."

Mag-imbento ka na lang kasi wala naman akong... Tapos habang ano ka hinahawakan kami. Kaya itong Church, sa Davao, may namatay na pari. Hindi ko lang... Because the law will punish me. Because I was just 29. He died of age. Iyong anal ano niya, nabulok.

Ah 'yung parish priest ng Biliran, he was molesting the boys for almost 10 years that we has assigned there. Sabi ko, if you want to solve the problems of my --- of our government is --- you better solve them.

Nabasa ba ninyo 'yung libro ni ano? There's a book going around. Actually, it was written by a commentator sa CBCP. He wrote a book and he died.

I don't know what's the cause of death. But doon sinasabi niya. "Altar Secrets". If you want really to know the history of house thinking the Catholic faith is... You read the book if you can find it. Mabili mo sa online. The title is "The Popes". "The Popes".

Gusto mo makita mo si Lucrezia Borgia who was a daughter of a pope. She had an incestuous relation with the father at 'yung anak nila was nurtured and trained to be a future pope.

Naging pope talaga ang animal. Eh kung kayo ganun na ano tapos magturo kayo sa akin, demonic. You know I have to protect, hindi ninyo kaya eh. Mga pari, may mga tao talaga.

Kaya ang social dysfunction. Mag-isa, 'pag magpabili ito, magtama 'yan ng mga lima o anim araw-araw. Tapos 'tong isa bago, contaminates the one para konsumo niya. Iyon naman ang mag-ikot, pabili and sa eskwelahan.

P***** i** bantay kayo sa akin. Huwag kayong magkamali talaga. Tapos... Once there is an addict in your family, that family is dysfunctional. Sigurado 'yan. And that is a problem.

[Ang --- ano 'yang dala-dala mo? Ah "The Popes"?]

Iisa lang kasi ang kopya ko. You cannot reproduce this because you'll violate the law. "The Popes: A Dark History. The Popes: Vice, Murder, and Corruption in the Vatican."

[Iisa lang ito. Iyong isa meron ka?] Meron akong dala. Because --- hindi ako nag-ano ng --- hindi ako naga-ano ng... Hindi ko sinisiraan ang Katoliko.

Wala akong sinabi "I do not believe in God." You must be awfully a f***** s*** to do that. I said, "Your God is stupid but my God has a lot of common sense." That is exactly the words that came out from my mouth.

Kasi inaatake nila ako sa pulpito eh. Huwag mong gamitin ito kasi parang Liberal Party ka na rin o PDP Laban ka diyan nagsasalita. Bakit mo ako ganunin? Tapos kayo numero uno.

Kaya kami mga taga-Ateneo at that year ang lalaki ng b***** kasi sigehan ninyo --- nilalaruan ninyo.

Eh alam mo ang history ng simbahan. Their influence was overwhelming talaga. No politician of recent memory makipag-away diyan sa Vatican pati sa pope. Nagka --- mahiya sila dito sa akin.

Ako, so be it. If it will cause my downfall, I will accept it. If I die or totally destroyed or discredited as a politician, that would be my destiny. Tanggap ko 'yan kasi nakasulat 'yan dito lahat eh.

So hindi ako na... Ako lang ang magsabi p***** i** kayong mga obispo kayo, l**** kayo. Eh totoo naman eh. At karamihan sa kanila bakla. O tingnan mo. Wala akong ano sa bakla. Eh sa dormitory ang ka-roommate ko bakla man.

Kuwan man ang mga bakla pero sila they should come out in the open, cancel celibacy, and allow them to have boyfriends also. Ang problema kung sinong maniwala sa iyo.

Kagaya nito ngayon oh. Patay na 'to. Si... Ang nagbigay ng introduction si Marites Vitug. "Altar of Secrets: Sex, Politics, and Money in the Philippine Catholic Church."

Kung masagot nila ito at sabihin nila may isang bagay dito na mali, abangan ninyo ang holy week. Dito ako magpalansang sa krus sa Bulacan. *[laughter]* Oo, totoo. *[applause]* Pero huwag naman matagal. Siguro mga 30 minutos ka naka...

Kaya ko man 'yan. Walang -- walang yabang. Sabihin mo i-ano mo ako? Oh sige. As a matter of principle, sige gawain ko. But you correct this. Tell us the truth. Kasi

kami we'd had no choice when you --- when I was born. Catholic 'yung nanay pati tatay ko. I was brought to the church. Eh 'di wala akong magawa. It's not my choice actually, it's a choice of my parents. My faith is... So you better...

Pagka sinabi mo you proclaim na ganito, ganito, you --- you should walk your talk. Pero kung puro hypocrisy lang ang lalabas ninyo... Gaya dito, may dormitoryo kayo sa mga anak ninyo sa labas. And idedepositin (deposit) ninyo diyan sa 'yung orphanage kunwari. Pero anak ninyo 'yan.

Para malaman ninyo kasi sumobra kayo eh. Tapos sabihin na magpunta ako ng impiyerno. Wala man rin talaga akong ambisyon mag-langit *[laughter]* unless my wife would really pull me up.

But kung sabi ng Honeylet na, "Ah g*** ka matagal na rin akong may galit sa'yo, diyan ka na lang." *[laughter]*

I have one child with Honeylet. Kaya hindi kami pwedeng magsama sa... She came late because iba ang chopper niya. Sabi ko hindi tayo pwede magsabay kasi p***** i** kung mahulog 'yang y*** na 'yan dalawa tayo. Eh paano iyong anak natin?

Maski pag-uwi she takes the commercial. Ako kung meron akong ibang sakyan, hindi kami nagsasabay. And that has been my policy. Iyong first wife ko --- nakikinig siguro 'yung... Nagdududa siya bakit ayaw kong sumama? Sabi ko "Hindi pwede. May tatlong anak nga tayo."

She does not really believe in that stuff, 'yung one-in-a-million. Kaya nagseselos, nag-aaway. Ang totoo talaga ayaw ko. One in a million eh p***** i** 'yang one na 'yan. One in a million na but how about the one?

Eh kagaya --- ako lang 'yung Presidente na lumilipad ng gabi. Si --- maski saan ako mag-landing kung meron diyan, diyan sige. From there I will proceed to... *[Saan ba ako sa kampo?]* Magbigay pa ako ng mga bahay doon sa namatay na mga sundalo pati pulis pati 'yung na-disable.

Sabi ko basta 'pag namatay, automatic may bahay 'yan. 'Pag na-incapacitate, may bahay 'yan. Libre na, wala ng ano.

Ngayon before I forget, wala akong sinabi... Nanay ko teacher. Ako ba naman loloko --- magloko sa inyo. But I was talking to Diokno at the year-end to find out how things are, could we afford?

Sabi ko sa kanya, "Inuna ko `yung sundalo because alam ko kung ano ang mangyari." We were able --- nasilip ko na ang future and it would cost lives at marami ditong mamamatay. Inunahan ko na sila.

Long before nangyari `yan --- hindi ko lang sinabi. Alam --- alam ko na ang Intelligence the way we were picturing it, puputok `to. Pumutok nga.

Kaya medyo ipit ako, ma'am. But noong nag-usap kami ni Diokno and I can maybe accommodate your representatives, magpunta kayo sa Malacañan and iyong --- huwag `yung left. Ayaw ko `yung left.

Siyempre magsabi pa sila hindi sila komunista. Eh magbolahan pa tayo. Galing ako diyan eh. I've been a socialist all my life. Kaya nga sabi ni Sison an inferior socialist daw ako kasi `pag mag-away ako, nag-i-insulto.

Sabi ko, "Hoy kung inferior ako, bakit ako ang Presidente, hindi ikaw?" So magdahan-dahan ka na sa... Kung superior ka eh bakit nandiyan ka sa ibang bansa?

Pero itong sabihin ko --- what I'm trying to say is I am willing to strike a deal in the presence of Secretary Briones sa mga maestra. You can choose the date, January, bilisan lang ninyo then we can make a --- even an agreement or manifesto or choose whatever kind of document itself. Kayo ang isusunod ko this year. [*cheers and applause*] Kayo ang pinakamarami tapos alam ko...

Alam mo ma'am... Alam ni Honeylet `yan. Nag --- naglakad ako minsan. Ang tawag nila patag. Patag in the Visayan is flat, plateau. Pababa ako sa patag. May nakita ako na babae buntis. Hindi mo malakad `yan na straight. Kailangan nasa side ka. Hindi ka pwedeng maglakad ng ganun. Talagang bibirahin ka ng gravity.

So padahan-dahan lang siya. Tapos pagdaan ko, tatatatat, sandali. Buntis. Ingon ko, "Ma'am, buntis ka?" "Yes, sir." "Eh ano ang ginagawa mo dito?" Sabi niya, "Sir, ako `yung isa sa mga tatlong maestra." P***** j**. Sabi ko, "Kailan ka mag-uwi?" "Sir, every Friday." "Ang balik mo?" "Minsan Sunday na."

Tinawagan ko si Bong. Ayan Bong oh. Iyang --- Bong senador, tumindig ka. *[applause]* Itong Go na ito --- his father is a Chinese actually --- pero itong Bong na ito Batangueño 'to, ang nanay, Tesoro 'yung sa barong. Batangueño 'yan. Of course he looks Chinese kasi Go.

Pero kung mamili kayo na maasahan mo at talagang serbisyo, eh baka gusto mo ng... You try him out. Honest 'yan, mayaman ang tatay, Chinese eh. They have the -- you know you guys from Davao they own the biggest printing press in Mindanao.

Kaya sabi ko ayaw na maniwala nitong mga kalaban na... Ini-is small (small) nila eh. Kaya bakit nagtakbo? Hiniya nila eh. Sabi ko "Sige, Bong." Sabi ng Senador, "Hindi, closed door." Sabi ko, "Huwag kang pumayag ng closed door p***** j** sabihin mo open lahat. Total kalokohan man nila 'yan."

Nandiyan na 'yan. Ang barko nandiyan na eh. Ang question is --- nag-question 'yung may-ari ng kompanya sa 'yung barko bakit wala pang request ng delivery. Kaya sabi ko kayo, anybody --- anybody for that matter --- if you have a case of corruption o hinihingian ka, you can knock at my door 24 hours I will hear you.

Iyan ang tandaan ninyo, 24 hours isumbong mo sa akin. Basta... May pagkabayolente (violent) ako na tao talaga. May undersecretary nga sinipa ko talaga sa mukha. Hindi ako nakapigil eh.

Twenty-four hours. Sabihin mo sa akin. Tapos kung may maghingì, sabihin mo p***** j** ka sabi ni Duterte sampalin daw kita kasi bakit ka maghingì p***** j** binabayaran ka namin tapos kami nagbabayad ng buwis.

Kaya karamihan diyan titulo. Iyang clearances, 'yang sa National Statistics. 'Pag diyan kayo, so --- 8888 lang naman. I assu --- ma...

Alam mo I cannot overdo things. Ang PLDT pwedeng magbigay pero hindi ganun karami. So but you can call, use the landline tapos tawagin, paalamin mo ako and I will show you how they should behave in public office. Sigurado 'yan basta may reklamo ka 24 hours.

That's the problem of the Filipinos. Kasi 'pag hiningi kayo, hindi kayo assertive. That includes the police and the military and all pati mayor pati barangay captain. Nobody is supposed to make money out of this god d*** greed.

Magsumbong kayo and I will personally --- at ipakita ko sa inyo kung papaano. Eh tanungin kita kung anong gusto mo. I will give you the privilege, sampalin mo sa harap ko.

Kung galit ka, siguro mga lima. Kung matagal ka naghintay, may interes na 'yan. Gawain mong sampu. Oo. Basta corruption sumbong mo sa akin. Tawagan mo ako. I will act on it maski maliit. Iyan lang ang paraan na para...

Pati 'yang droga, pati 'yang mga carnapper dito. Kaya minsan dito construction. 'Pag maghithit ng... Mag-inom 'yan, maglasing. Tapos pupunta kayo ng bahay saksakin ninyo ang lola na bulag, ang asawa, ang anak na babae, pakialaman pa ninyo 'yung one-year-old. Kaya ako pumunta, diretso ako.

Nung nabalitaan ko sakay ako ng eroplano, landing ako ng chopper. Sabi ko, "Saan na 'yung mga p***** j***** 'yon?"

Sabi nila, "Patay naman, sir." "Ah okay. Kay kung hindi patay, ikaw ang patayin ko. L*****. " Trabaho ninyo 'yan. To maintain law and order. How you do it?

Alam mo, prosecutor ako. I was a trial prosecutor, mahusay talaga ako sa linya ko. Alam mo ang tao, itong bagong henerasyon, walang takot sa batas. Walang respeto. Kami noong maliliit pa tayo, takot tayo pagsabi may ordinansa ganun. Talagang tiklop tayo.

Pero ito, ayaw niyang aminin, ayaw ko namang idiin kasi kaibigan ko. May utang na loob pa ako sa kanya kay siya ang tinawagan ko nung nag-birthday 'yan si Inday at ang gusto niyang birthday gift si Sharon magkanta.

Tinawagan ko si Pangilinan. Kaya nagpunta silang dalawa doon, nag-dinner sila ni Inday. Napaligaya niya 'yung anak kong babae, eh di maligaya ako. Pero 'yung batas na ni Pangilinan na itinaas niya from below nine to above 9, below 12 to above 12, below 16 or 16 below, indeterminate sentence law iniba niya eh.

'Pag nagkasala ka, rape, whatever, pinatay mo, ni-rape mo, ninakawan mo, pagpunta sa estasyon magsabi ang nanay, "Ah menor de edad 'yan. Katorse lang 'yan." So 'yang generation na 'yan, and if you can remember the day or date of the effectivity of that law, iyon 'yun ngayon.

Labas-pasok maliit pa 'yan kasi kinukuha ng lola, tiyuhin. So they never had even a lecture of accountability. Kasi mag-rape, patayin niya, nakawin niya, libre man. Eh 'di ang paradigm niyan ganun.

'Yan ang sinisisi ko. The greatest disservice ang ginawa diyan sa mga senador --- Pangilinan. Bakit? Eh pumunta ng America pachuy-chuy, kinopya 'yung mga batas noon. But sa Amerika, there is always a halfway house. Dito may half --- DSWD. Iiwan mo sa opisina nila wala silang selda, wala lahat. Kaya pinapalabas nila.

Eh anuhin namin 'yang kriminal na bata? Kaya nagka-|*****-j**** ang buhay natin. It's really the fault --- I'm sorry. But kung tatakbo siya I will vote for him personally, ipakita ko pa sa inyo.

Pero kung sabihin ko magsabi ako sa mga tao --- kampanya --- he should not belong in the Senate. It was a very fatal... Kaya tayo nagdudusa ngayon. Nakikita mo 'yung mag bata na kung anong gawain, tatakbo? Mahuli, i-release. And that is why we talk now about education.

There is really a --- an urgent, an immediate duty of the educators to instill... Hindi madala eh. To instill 'yung accountability or the responsibility of... Wala eh, hindi natatakot sa batas. Kaya sabihin mo, ayaw mong maniwala sa batas? You bring the stakes higher.

Hindi madala eh, kasi nire-release eh. Eh ngayon kung magka --- sabihin pa, sabihin pa noon 'yung kapitbahay niya, "F*** you. 'Yung anak mo anuhin ko pa 'yan uli bukas." So you contribute disorder in the order.

Kaya nga sabi ko gutom na man kayo, ang nabusog dito 'yung lamok na dengue. *[laughter]* Wala bang dengue dito? Kay mag-uwi na lang tayo.

But I'd like to call only those who has the stomach for adventure.

Who would like to have this book? You can have it. *[Ipasa mo na lang. Galing ka ba seminaryo? Ha? [laughter] Ha? Galing ka seminaryo, alam mo na 'yan. Ibigay mo na lang doon sa...]*

[May isa ka pa? 'Tong sundalo. Ito si [Tina?] I'd like to have a lady. Just keep an open mind. Yes, ma'am. Ikaw naka - e --- 'yan. [Hindi ka ba madre noon ma'am?] [laughter] Just keep an open mind.[applause] [Meron ka pa?]

So just keep an open mind. You can maybe attribute bias on my part kasi inaatake ako, but just read it with an open mind. And you will understand na hindi ko inaano ang --- 'yung Diyos.

Para sa akin isa lang talaga ang Diyos. There is only one God. Hindi mo ako mapaluhod noon ng mga St. Patick, St. Thomas. Anong...? T*** i**. Hindi ko nga kilala 'tong mga animal na 'to tapos luluhod ako sa kanila?

Tapos may picture diyan St. Thomas, si San Vicente. Balang araw baka 'yang simbahan ninyo Santo Rodrigo.

[laughter]

Crazy. Alam mo ba ilan ang saints ng Catholic Church? Do you know how many? Five thousand plus saints. Kanya-kanyang saints.

Basta mabait diyan, maski na loko-loko malakas ka doon sa Vatican santo ka. Ito namang mga g***** luluhod-luhod. Sino itong buang na ito? Wala naman tayong nakikita noong...

Your God is my -- different from my God. Alam kong may concept ka sa Diyos. Maybe sitting as a human being with an aura of blessedness. Pero kanya-kanya tayong ano eh. 'Yan ang ibig kong sabihin doon sa pari. Do not impose one God for all of us.

I believe in God but it may not be necessarily your God. Huwag mong sabihin na 'yun ang --- you created an image of God tapos ipipilit ninyo sa amin. Eh mahirap 'yan, mahirap 'yan.

Mahirap kung tatagal pa tayo dito kasi 'yung sa likod nagabulungan yawyaw. "p***** j** Duterte 'to ang tagal-tagal, kanina pa tayo." *[laughter]*

I have to go because pupunta ako ng kampo. I have to fly there tonight to distribute houses. 'Yung kinuha ng Pandi kanila nalang 'yun. Sabi ko sa sundalo, sabi ko, "Mahirap man rin 'yan."

Totoo nga ang mga --- 'yang ano ng left, 'yung rabble-rousers. Sige, sige, but you know it's illegal. It's against the law but sabi ko sa mga sundalo, "retreat nalang kayo. Mga kababayan natin 'yan eh." At saka mahirap.

Ang consuelo natin at least nagagamit ng Pilipino. That's about it. Huwag natin ma -- - papuntahin mo, ipa-raid mo. What for?

Kaya maghintay na lang. But ang promise ko sa --- kay Honeylet four. It has to be a National Science High School but it's distributed in the province of Bulacan.

Dahil sa population eh, at saka magbiyahe-biyahe pa malayo. So strategically it should be where the people are.

So I hope I have made my point very clear to you. And thank you for bearing with me, pardon my word of... *[applause]*

Ang sinabi ko I'm prone to use epithets pati curses. May isang article diyan sa bright na media, ang inilagay "etiquette". Epithet ibig sabihin mura.

I'm used to curse and shout epithets. Ang inilagay doon sa report nila "etiquette". Bright na bata.

Maraming salamat po. *[applause]*
